FAIRFIELD SCHOOL STREET IS LIVE!!

What a fantastic first week it has been for the launch of Fairfield School Street. A huge thank you to all our community for managing the drop off and pick up routines to incorporate the closure of the road. We are also thrilled with the new layout of the road and think that the rain gardens have hugely improved the environment. All in all, we now have a much safer and healthier environment! To ensure this environment is preserved, we must make sure that we take care not to walk across the rain gardens and ask all parents to monitor children leaving and arriving to school to ensure that they do not cut across the plants. Therefore, please do not call them across the plants, make sure they walk to the end of the border. We must also thank the residents of Dryden Road for surviving weeks of disruption and for supporting us with this project. Whilst there have been some minor teething issues, it has generally been a huge success, thank you!
