Dear parents / carers,

Thank you for your continued hard work, perseverance and support with online learning. We can see that there is an amazing amount of work being carried out and we thoroughly enjoy seeing all that the children are doing.

I want to take a moment to say that we are fully aware of the pressures families may experience having to support their children, whilst maintaining your own work responsibilities. Therefore, whilst it's important to see children are regularly logging in, we understand it may not always be possible to do this on the actual day, as well as completing all work set. The wellbeing of our families takes priority and we accept this may mean that not all work is completed. So please take this into consideration in terms of your individual situations.

We hope the children enjoyed the live sessions this week, as much as their teachers did. The children were amazing! Moving forward, we have decided it would be better to have more sessions available per class, to allow the children more time and space to speak. Teachers will organise allocation of sessions through the classrooms.

Can we remind you that the individual sessions are for the relevant child and no other siblings, as there were a few incidences of brothers and sisters getting involved in discussions.

In addition, it is important that no photos or videos are taken of these sessions. The agreement for live sessions has been updated to incorporate this matter, and is sent out with this letter. Please take time to review all points in the agreement.

Thank you once again, for all you are doing. Wishing you all an enjoyable weekend.

Kind regards,

S. Lewis
